BUILDING DETAILS

This modern commercial unit is housed in a steel roof, concrete pad structure with no basement, making it extremely easy to maintain. The space features 200-amp 3-phase power and a high-quality buildout in a building that is only two years old. Tenants also benefit from signage on both the south and north sides of the building, as well as visibility on the advertising pylon facing Baldwin Street.

Property Details: The property offers a large extended parking lot that accommodates well over 100 cars, making it convenient for both staff and customers. Situated in a busy plaza with a strong tenant mix, including multiple food options and anchor tenants, the location attracts consistent foot traffic and acts as a local destination for shopping and dining.

Brooklin has experienced significant growth in recent years, driven by its proximity to the extended Highway 407 and easy access to Highway 7.
