BUILDING DETAILS

This restaurant benefits from its position at the rear of the plaza, allowing for a significantly lower rent than what is typical for a unit of this size in the area. The layout and infrastructure make it an excellent candidate for rebranding, offering strong flexibility for operators looking to introduce a new concept, cuisine, or franchise.

The commercial kitchen is large and well-equipped, capable of handling virtually any menu style or volume. Supported by 200-amp, 3-phase power, the space provides the operational strength needed for high-efficiency service and production. With ample room to work, the kitchen is a major asset for both established and emerging operators.

Located in the core of Newmarket—just south of Davis Drive and west of Downtown—the site offers outstanding accessibility and convenience. The plaza provides tons of parking, making it easy for guests, staff, and delivery services to access the business. This is a great opportunity to establish or expand a concept in a growing and vibrant community.
